Spaulding Youth Center Offers Students Vocational Opportunities through Partnership with Taco Bell Tilton

Northfield, NH – Spaulding Youth Center is pleased to announce that two students have accepted vocational opportunities through the partnership and support of Taco Bell in Tilton, New Hampshire.

As part of this vocational partnership, the students intern at the restaurant's Tilton location one day per week. Each week, the boys are responsible to prepare for their shift by organizing their uniform, tidying up their appearance, and being ready in order to be on time for work. During their shift, they practice important vocational skills, such as modeling acceptable work behavior, paying attention to detail, learning independence to complete assigned tasks, working cooperatively with coworkers, providing excellent customer service and problem solving. These are real-world skills that they can use throughout future employment.
